ODP-83-310

11 MAR 1983

MEMORANDUM FOR: Director of Communications**FROM:**[redacted]
Director of Data Processing**SUBJECT:**

Reassignment of Interdata 7/32CII Minicomputer System [redacted]

REFERENCE:

A. Multiple Addressee Memorandum from Mark [redacted] P&PG/MS/ODP, dated 28 January 1983, Subject: Announcement of the Availability of Excess Agency-Owned ADP Equipment (ODP-83-168) [redacted]

B. Speed Letter for P&PG/MS/ODP, from Jerry [redacted] OC/ED/SIS, dated 8 February 1983, Subject: Requirements Statement for the Excess System [redacted]

Bill -

1. ODP is pleased to provide your office with formal notification of the transfer of an excess Interdata 7/32CII minicomputer system. This system is being reassigned in response to the requirements outlined by [redacted] of ED/SIS in Reference B (attached). [redacted]

2. The excess system was originally acquired by ODP at a cost of \$57,500 for use during the SAFE requirements definition effort in the SAFE Operational Procedures Development Laboratory. The system was used to assess candidate user language interfaces and also to evaluate potential SAFE workstations. Questions concerning available applications software developed for the system should be directed to [redacted] of OCPAS on [redacted]

3. The system hardware is currently covered under a maintenance agreement with the Perkin-Elmer Corporation. Further details relative to the maintenance agreement terms may be obtained from [redacted]

4. The ODP Logistics Officer, [redacted] may be contacted on [redacted] to arrange shipping and accountability

1. OC-ED is very much interested in acquiring the Interdata minicomputer system that is being declared excess to ODP's needs. The minicomputer can be identified by the following:

Turn-In No. 6057-83013-400

Item No. 1

Minicomputer System, Interdata Type

7/32C II, Model M73-043 with components.

2. The minicomputer system will be utilized to meet an OC requirement to automate a manually operated paper tape message processing system currently located in the Hqs./DND Special Activities Facility. Moreover, there is a possibility that it will also be used as an Automated Field Terminal (AFT) development and testbed.
